INTERNAL MEDICINE
RESIDENCY PROGRAM

The Internal Medicine Training Program of the University of Puerto Rico was established in 1961. We have prepared more than 500 outstanding internists and subspecialists. Our primary training site is the University Hospital in the Puerto Rico Medical Center, a tertiary institution for our Island, the Virgin Islands and the rest of the Caribbean. Other training sites include the University of Puerto Rico Hospital at Carolina, the Cardiovascular Center for Puerto Rico and the Caribbean, and the Veteran's Hospital, among others.

Our Clinical Faculty includes over 70 board-certified specialists in internal medicine and subspecialties, including: Allergy & Immunology, Cardiology, Endocrinology & Metabolism, Gastroenterology, Geriatrics, Nephrology, Hematology-Oncology, Infectious Diseases, Pneumology & Critical Care, and Rheumatology.

HEADLINE

The Program is fully accredited by the ACGME and is divided in six main areas:

- General Medicine
- Experiences
- Medical Specialties
- Continued Ambulatory Care
- Experiences
- Professional Development
- Programmed Conferences
- Clinical Research
- Quality & other Scholarly
- Activities

UPR-Hospital -Carolina
