

Contributed Papers – Session II

Saturday, October 24th

Location: Garita

Moderator: Fatima Barnes (fbarnes@mmc.edu)

Paper 117

Learning from Library Users' Mobile App Preferences: Using Research to Inform Service

11:00 AM - 11:18 AM

Author(s): J. Michael Lindsay, MSIS, AHIP and Martha Earl, University of Tennessee Medical Center

Objective: Librarians at Preston Medical Library sought to utilize data received from surveys of health-related mobile app use by patrons to design training classes and resources to match respondent interests.

Paper 119

MSM Library Collaborates In School's Fundraiser

11:20 AM - 11:38 AM

Author(s): Joe Swanson, Jr., MSLS, Roland B. Welmaker, Sr., PhD, MSLS, Tara Douglas-Williams, MSLS and Jerrold Mobley, BA, Morehouse School of Medicine.

Objective: The MSM Library was asked to collaborate with Institution Advancement-Marketing and Communications in the 8th Annual Hugh Gloster Society Celebration, which launched the 40th anniversary of Morehouse School of Medicine. The Celebration normally held off campus was moved to campus to give supporters a firsthand view of the school. Fifteen "experiences" were identified. Sponsors were allowed to select their experience so that they could interact with outstanding faculty, department chairs and students to learn about the area they selected and donate funds to their selected experiences.

Paper 120

Creating A Community Of Library Research Scholars

11:40 AM -11:59 AM

Author(s): Kathy Davies, MLS, Darra Ballance, MLIS, AHIP and Sandra Bandy, MS, AHIP, Georgia Regents University; Julie K. Gaines, MLIS, GRU/UGA Medical Partnership Campus; Melissa Johnson, MLIS and Barbara Mann, MLIS, Georgia Regents University

Objective: To formally develop a culture of research at a health sciences and an academic library and provide support for librarian faculty scholarship activity.

Contributed Papers – Session II

Saturday, October 24th

Location: Caribe

Moderator: Tara Douglas-Williams (Tdouglas-Williams@msm.edu)

Paper 121

Searching Current Trends: Comparative Information Analysis For Clinical Services Growth

11:00 AM - 11:18 AM

Author(s): Kathy Davies, MLS, Lindsay Blake, MLIS, AHIP, Darra Ballance, MLIS, AHIP and Sandra Bandy, MLIS, AHIP, Georgia Regents University; Maryska Connolly-Brown, MLIS, Hampden-Sydney College; Lyn Dennison, MLIS, AHIP, Georgia Regents University; Julie K. Gaines, MLIS, GRU/UGA Medical Partnership Campus; Kim Mears, MLIS, AHIP and Peter Shipman, MLIS, Georgia Regents University

Objective: To complete a multifaceted research process identifying new areas of clinical development for an academic health system.

Paper 122

A Health Literacy Forum to Establish Future Collaborations

11:20 AM - 11:38 AM

Author(s): Cynthia Vaughn, MLIS, AHIP, Kelsey Leonard, MSIS, AHIP, Sandy Oelschlegel, MLIS, AHIP; University of Tennessee

Objective: To raise awareness of the issue of health literacy in the region by developing a one-day forum. We plan to bring together community stakeholders as well as key leaders in our institution, along with a plenary speaker to steer the conversation. The primary topic is working toward changes in the health care system to promote health literacy, as described in the National Action Plan to Improved Health Literacy.

Paper 123

Developing Consumer Health Services at an Academic Health Center: Navigating Community and Healthcare Organizations

11:40 AM - 11:59 AM

Author: Margaret Ansell; University of Florida

Objective: This paper describes the development of consumer health information services at a large academic health center through a variety of academic, community, and healthcare partners.

Contributed Papers – Session II

Saturday, October 24th

Location: Salon D

Moderator: Sheila Snow-Croft (ssnowcro@hshsl.umaryland.edu)

Paper 124

Building Evidence into Practice Using Interprofessional Teams

11:00 AM - 11:18 AM

Author(s): Emily Brennan, MLIS and Elizabeth Crabtree MPH, PhD (c); Medical University of South Carolina, Amanda Davis, MPH, RD; Medical University of South Carolina Hospital

Objective: To describe how The Center for Evidence-Based Practice, which includes a medical librarian, leads interprofessional teams in the development of evidence-based guidelines that promote the integration of best research evidence into clinical practice.

Paper 125

Don't Let Your Researchers Fall Prey: Delivering Vital Information about Predatory Publishers to Medical School Faculty

11:20 AM - 11:38 AM

Author(s): Carolann Curry, MLIS, Mercer University School of Medicine —Macon campus; Carolyn Klatt, MLIS, Mercer University School of Medicine—Savannah campus and Memorial University Medical Center, Kim Meeks, MLIS, AHIP and Anna Krampfl, MSLS, AHIP; Mercer University School of Medicine—Macon campus

Objective: To inform faculty and researchers of predatory publishing practices. To provide an overview of scholarly open-accessing publishing models and how to recognize potential predatory publishers. To investigate the potential problem of predatory publishers in PubMed.

Paper 131

The Art of Medicine Rounds: Building an Arts and Humanities Program with Collaboration and Care

11:40 AM - 11:59 AM

Author: Nelle Williams and Alan Blum, M.D., University of Alabama-Tuscaloosa

Objective: To evaluate how an embedded faculty librarian and two nursing course faculty effectively modeled the use of a critical appraisal tool to teach doctoral nursing students how to engage with scholarly literature in a meaningful way.

Contributed Papers – Session II (Research)

Saturday, October 24th

Location: Salon E

Moderator: Nadine Dexter (nadine@ucf.edu)

Paper 128

An Assessment of Information Interventions with Isolated Rural Clinicians

11:00 AM -11:18 AM

Author(s): Rick Wallace, Nakia J. Woodward and Elisabeth A. Wallace; East Tennessee State University

Objective: East Tennessee State University medical library has a strong interest in helping rural clinician's access library resources. The objective of this study is to analyze the information practices of rural Northeast Tennessee clinicians.

Paper 130

Bridging Communities, Building Collaboration and Enhancing Care: The Rebirth of a Hospital Library

11:20 AM - 11:38 AM

Author: Rosalind K. Lett, Clayton County Library System

Objective: Can we justify financially and through return-on-investment the re-establishment of a hospital library? The objective was to assess the health information needs of the staff of the Southern Regional Medical Center to determine if reopening the hospital library could be justified. We assessed the need for a hospital library. We analyzed what resources would be needed for sustainability (financial, personnel, the collection, value-added services and training)? We analyzed information access capabilities, training and services, to identify the most efficient and effective means of providing service. We stepped outside of the box to explore service collaborations between the public library and the hospital library. Could a mutually beneficial relationship be established?

Paper 133

A High School Library Family Health History

11:40 AM - 11:59 AM

Author: Rosalind K. Lett, Clayton County Library System

Objective: The project goal was to narrow the knowledge gap that contributes to health disparities by increasing utilization of MedlinePlus and NLM resources by students, teachers, and librarians in our community, while incorporating the use of e-books and mobile devices for locating health information.
